

Hi, my name is Brent Hubbard, my wife is Hayley Hubbard and we moved to the area in August of 2023. We have 4 kids, a daughter that lives in Eastern North Carolina who is 23, and 3 boys, 20, 17, and 11. We also have three pugs, Zane, Zoey and Zeus. My family and I have lived in Alaska to New Mexico to Texas and then to Eastern North Carolina, Alaska being one of my favorite places to live. Western North Carolina reminds me a lot of Alaska in some ways.

We moved to Western North Carolina because I was offered a position in Franklin NC. I am a helicopter mechanic for the MAMA program. My wife is a nurse, currently working at Angel Medical Center. We have truly loved living up in the mountains and all it has to offer.

I have entertained the idea of joining our HOA board since we have moved here. I am interested in learning more about this great community we have and help out anywhere I am needed. I have had the pleasure to work with a few board members around our community who have shown me how important it is to be a part of our community. Our board members really go above and beyond helping others and keeping our community thriving.

I have been a helicopter mechanic for 28 years, mechanically inclined, I have experience with heavy equipment operations, and minor home repairs to full remodels. I am a highly motivated person who is a hard worker and willing to do whatever it takes to get a job done. I look forward to being apart of this great community we have.

Thanks,

Brent Hubbard
