

I have been a CCRHOA Board Member since the 2013-2014 Fiscal Year, serving as Bookkeeper during my tenure. I am very proud of all the work the Board has accomplished since I have participated as a member.

Though I am not yet living in Cane Creek full-time, I spend almost every weekend and several vacation weeks every year in the mountains since my house on Waccamaw Trail was finished in 2006. I have owned the property since 1994 and haven't missed an annual HOA meeting since purchasing my lot.

As background for my qualifications as a Board Member, I have administered all aspects of corporate office management, including accounting/financial responsibilities, recruitment and hiring, C-Suite executive support and vendor due diligence for more than 50 years. I have been a Board Member of two homeowners associations in Atlanta where I served as President, Secretary and Treasurer for numerous years.

I have been a proponent of homeowners associations for 36 years and strive to make sure that property owners look to their HOA as a democratic entity representative of everyone's needs and interests. A properly run HOA board works to protect our homes and property investment and I'm proud to be part of an association with such an active Board.

I would be pleased to once again be a part of the Cane Creek Ridge Homeowners Association Board in the upcoming year and look forward to your support.
